

JACK FLETCHER

IT & Computing Candidate | Software Development, Cyber Security, Networking & Support

Walsall, West Midlands | 07908480789 | jackfletcher0308@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

SUMMARY

Motivated Computing Level 3 graduate, who studied Software Development, Cyber Security and Computer Networks at Walsall College, and achieved D*DD. I want to find a position in IT that will give me a chance to learn more about the technical aspects and get some experience and grow as a long term tech worker. I am someone who is hands on and someone with experience using Python, SQL, HTML, CSS, Lua, JavaScript, PHP, Cisco Packet Tracer, Spiceworks, Microsoft 365, Linux, macOS, Windows, Hardware, VS Code and Visual Studio. Who will bring reliability, communication and customer service experience from hospitality.

KEY SKILLS

Software Development: Python, SQL, HTML, CSS, Lua, C#, and JavaScript and PHP (college projects and personal projects)	IT Support & Systems: Microsoft 365, Windows, Linux, system setup, simple user and troubleshooting basics.
Hardware & PC Building: Assembling my own PC & assisting with the construction of a friend's PC; installing components and managing cables; safe handling of hardware.	Networking & Cyber Security: Cisco Packet Tracer, networking basics, principles of cyber security, basics of password security and encryption.
Database Development: Relational database design, tables, relationships, SQL queries and data organisation.	Tools & Platforms: GitHub, VS Code, Visual Studio, Spiceworks, Microsoft 365 and Cisco Packet Tracer. .
Workplace Skills: Customer service, Communication, Teamworking, Independence, Professionalism, Organisation and Problem solving.	Driving & Location: Possesses a full driving licence and is looking for career opportunities in IT, within the local or commuting distance in the West Midlands.

PROJECTS

Personal Portfolio Website - [Portfolio](#): I built a responsive portfolio showing my skills, using HTML, CSS and JavaScript to showcase my achievements, Cisco badges, education, and work experience.

GitHub Portfolio - [GitHub](#): I organised both college and personal projects in a github, showing my progress and technical development with version control.

Password-Strength-Checker-Generator - [GitHub](#): A Password Generator/Check tool that shows you Password Security, Input validation and programming logic.

Shopping-Python-System - [GitHub](#): A python shopping system in VS. It includes the correct coding conventions and clear functions.

College-SQLDatabase - [GitHub](#): A relational database, relationships and SQL queries linked to create a working and efficient database for a company's data to replace their spreadsheet system.

FullStackWebsite-College - [GitHub](#): A website with clear layout, usability, responsive design and clear user experience.

CodeAnew-College-Project - [GitHub](#): A software project which is a representation of planning, development, testing and project organisation.

ONLINE TRAINING

Cisco Networking Academy

- Introduction to Cybersecurity | [Verify badge](#)
- Computer Hardware Basics | [Verify badge](#)
- Networking Basics | [Verify badge](#)
- Introduction to Modern AI | [Verify badge](#)

IT EXPERIENCE

- I built my own computer and multiple friends' computers. This helped me to understand hardware and learn how to correctly handle hardware, as well as making sure components are compatible and managing cables to make a clean looking system.
- Knowledgeable in using Microsoft 365 applications like Word, PowerPoint, Excel, Outlook and Teams to complete tasks, communicate and organise tasks.
- Managed code using GitHub, organising projects and presented technical work and practised networking concepts using Cisco Packet Tracer.
- I became more comfortable on the projects which are Windows, Linux, VS Code and Visual Studio & Spiceworks.

WORK EXPERIENCE

Customer Service Assistant | [Burger King](#) | May 2025 - Present

Handle customer orders quickly and effectively, being professional at all times.

Arrange and prepare food correctly and properly to meet customer's needs and following company's procedures like hygiene and service standards.

Washed and sanitised all areas of the front of the house and food preparation areas to keep the environment and workplace safe and sanitary.

Golf Course Assistant | [Greenfield Golf Club](#) | Jun 2023 - Aug 2023

Stored and handled equipment as necessary for customers to use.

Make sure the unit is clean and safe and has a professional environment for customers and other employees.

Having to make sure to take responsibility when needed, paying attention to detail, having clear communication and being confident in and around the workplace.

EDUCATION

Walsall College | Level 3 Computing: Software Development, Cyber Security and Computer Networks | Sep 2024 - Jun 2026 | Grade: D*DD

Relevant units: Planning and Managing Computer Projects, Software Design and Development Project, Impact of Computing, Relational Database Development, Computer Networking, Managing and Supporting Systems, Principles of Computer Science, Fundamentals of Computer Systems, IT Systems Security and Encryption, Business Applications of Social Media, Human Computer Interaction, Computer Games Development, Website Development

Cheslyn Hay Academy | GCSEs | Sep 2019 - Jun 2024 |

GCSEs: Computing Grade 7, Maths Grade 5, English Grade 5, Science Grade 5, Business Grade 5, plus additional GCSEs at Grade 5+.

ACHIEVEMENTS & INTERESTS

- Developed leadership, teamwork and communication skills through being a football captain and goalkeeper.
- Maintain a regular gym routine, demonstrating my self discipline, consistency and commitment to improving myself.
- Enjoy coding and creating practical IT projects to build confidence with programming, systems and hardware.
- Interested in building PC hardware, setting systems up, networking and software development.
